

AI TOOLS ESSENTIAL FOR ENGINEERING STUDENTS

THREE-DAY STUDENT WORKSHOP

28–30 September 2026 • Monday–Wednesday

DAY 1 28 September 2026 — Monday

AI Foundations, Academic Learning & GitHub

- SESSION 0** Introduction to Artificial Intelligence & Generative AI
- SESSION 1** Academia: AI-Assisted Academic Learning & Productivity
- SESSION 2** GitHub Essentials

DAY 2 29 September 2026 — Tuesday

Research & Professional Development

- SESSION 1** AI-Assisted Research & Research Paper Development
- SESSION 2** AI-Assisted Resume Building with Overleaf

DAY 3 30 September 2026 — Wednesday

AI-Assisted Coding, Project Building & Automation

- SESSION 1** Coding, Project Building & Automation
- SESSION 2** Coding, Project Building & Automation

WORKSHOP JOURNEY

UNDERSTAND → LEARN → RESEARCH → BUILD →
AUTOMATE

AI Foundations • Academia • GitHub • Research • Resume • Coding & Automation

Practical AI skills for higher semester academics, research and engineering workflows
